

Success is the sum of small efforts repeated day in and day out.

Robert Collier

Grand Opening a Suzzess!

The opening of Suzzess Limited earlier this year, marks a new chapter for Managing Director, Yosh Wong.

With nearly 20 years industry experience, Yosh was employed by various organizations, including 13 years as partner for a small corporate investigations company. Perhaps the difficulty faced was leaving a well-established business and to move on and "explore" new opportunities in an industry which is already competitive.

The solution was to modify existing business models and to diversify, focusing not only on customer needs, but to identify new challenges in the marketplace.

Instead of attainment of fame, wealth or a social status, the word "success" also means "accomplishment of an aim or purpose". This is in fact what Investigation is about, setting out planned objectives and to use our methodologies and skillsets, to serve each of our clients, only then, can we claim success!

"Facilitating Your Success"

Success is a very powerful word ... to preserve and to use it in a manner, where it is not too common, the spelling was manipulated and the name "Suzzess" was decided.

It is further hoped that the Suzzess of the company, in conducting Investigations, will be the success for our clients, thus the motto "Facilitating Your Success".

On February 12, 2017, invited friends, family and associates of Suzzess attended the Grand Opening Ceremony. The event was well-attended by approximately 50 guests and we would like to convey our thanks to each of the guests for attending on a Sunday and for their gifts and support.

As with most industries, the Corporate Investigations business is extremely competitive, and companies are reluctant to share resources.

Moving away from the traditional views of competition, Suzess is founded on the principle of sharing resources through partnerships with well-established and reputable associates and to hopefully set a new standard.

“Suzess to set new standards”

In the first Quarter of 2017, a strategic partnership was formed with associates in Vancouver, Macau and Singapore – each with their own areas of specialty in Investigations and Security. This will allow Suzess to manage cases by providing a single-stop service and at the same time, offer competitive pricing.

It is hoped that modelled on the above, Suzess will continue to add partners to cover more countries to enable each investigation to be handled by local operatives.

Suzess is a “boutique” firm headquartered in Hong Kong, with the capability of offering high quality investigations in Hong Kong, Macau and China and through our strategic partners, throughout the Asia Pacific region.

Feel free to contact us at info@suzess.com for further information.
